

Yonder is a documentation solution provider with its roots in the aviation industry, but now serving a wide range of B2B/enterprise customers. With our SaaS product, we help companies stay in control of their content and bring reliable, role-specific information to frontline employees.

With just over 25 employees, your work has a direct impact on the success of the company, so we are looking for team members who love working on a product and live by the mantra of getting stuff done.

To strengthen our development team, we are looking for a

iOS developer (80-100%, m/f/d)

As part of the development team for our cloud-based content management solution, you will work with modern technologies in a small and agile team.

If you like to shape a young product in a fast-paced environment, you will feel right at home with us. Despite working in a structured manner, you can handle a grain of chaos that comes along with fast growth.

Your Mission

- Develop, test, and maintain our iOS application
- Coordinate the releases of mobile applications with the rest of the team
- Help address and resolve issues to ensure the best possible customer experience
- Your input and experience will help keep our software architecture state-of-the-art

About you

- iOS development experience with Swift
- Experience in developing, publishing, and maintaining mobile apps (App stores and/or enterprise distribution)
- Experience with offline data, relational and/or document-based databases is highly desirable
- Previous experience with SaaS and cloud environments is a nice-to-have
- Self-motivated and able to work independently with little direct supervision
- Excellent abstract thinking and good communication skills
- Fluent in English (German is not required)
- Ability to work in our Zurich office on a regular basis

Why Yonder?

- Flat hierarchies and fast decision-making
- We value everyone's inputs and ideas, but expect to be tasked with implementing them yourself
- Blame-free error culture inspired by aviation
- Modern offices located in Zurich Oerlikon, just a few minutes by train from downtown Zürich
- Flexible working hours, with possibility to work from home – or anywhere else for that matter
- Bring your own device: You decide what you want to work on, we add 100 CHF to your monthly net salary

If you are a person with an interest in going beyond the call of duty and evolving your career as the company grows, this is the perfect opportunity for you.

Interested? Please contact hr@yonder.info for details.
